

Come and join us on the 31st running of Targa Tasmania and enjoy one of the world's best road drives located right here in our own backyard.

The T4 tour by Paul Stokell's Driving Events is an all-inclusive and professionally constructed adventure offering spectacular driving, essential support services and highly acclaimed restaurants all led by your own personal tour manager. We have done all of the hard work so you simply enjoy this stunning event in your favourite car.

Spend 8 Days in Tasmania, experiencing spectacular roads, beautiful scenery, the tastes and homely atmosphere plus compete in the "actual" Targa Tasmania event! Entered in the touring section of the event you and your navigator will have the chance to drive the actual Targa Tasmania special stages on a closed road just prior to the actual competition vehicles. This will be guided by one of our experienced instructors in our pace car and although regulated to a max of 120km/h "spirited" driving can be assured as most roads of these spectacular roads are quite tight, twisty and keeping an average speed anywhere near the speed limit will be quite a challenge!

The tour is an amazing experience, but not a race. It is designed to display a cavalcade of vehicles, giving owners an opportunity to use them safely on closed roads, while enjoying the thrill of driving past, literally, thousands of spectators all watching the world's largest tarmac rally.

The tour covers the entire island, an island varying in landscape from open farms to rugged coastlines and large mountain ranges. You will get to drive on iconic stages including, The Sidling, Cethana, Hellyer Gorge and of course, the 52 km, Mt Arrowsmith. The 2022 event will be unique in that it will partially run in the reverse direction starting in Hobart and heading to the West Coast.

A unique part of the T4 tour is that your tour leading driver will be non-other than 2 x Targa Champion and 2019 Targa Tasmania winner – Paul Stokell.

Your tour manager, Derek Bode; will be with you every step of the way in this unique motoring experience. We have honed this event over the past four years to provide maximum enjoyment for our customers. Paul Stokell will join us regularly in the evenings to share your adventure and great friendships are created within your exclusive group.

Derek will drive with you on every stage, plus we will have our own support van to ensure your spares, luggage, equipment and most importantly “fuel” will be on hand at all times. We encourage a broad range of vehicles to join us and we are able to look after all of our drivers, regardless of your experience. Paul and Derek are both highly experienced performance driving coaches and are invested in maximising your driving experience.

All the logistics’ are covered so you can simply enjoy sheer driving pleasure during the day and the time to re-live your adventure with your group in a selection of the best restaurants in Tasmania during the evenings.
